### Kitchen & Bath Remodels

Are you **overwhelmed** with the idea of how to start on improving your home's kitchen and bathroom? Are you **unsure** of how the construction process should go?

**We can help.**

Kitchen and bathrooms add the most value to your home, but we understand that there are many other considerations, such as aesthetic beauty, increased utility and superior design. We will guide you through the entire process of selecting materials that fit your budget and facilitating design meetings with our network of professional designers for cabinetry, countertops, flooring to help your dreams come to life. We provide you with our clear and simple **Kitchen & Bath Product Checklist**, which details all the design decisions that must be made and helps you to control the cost of the project through design and product selection choices that fit within your budget..

We partner with reliable and high-quality institutional vendors such as **Built Cabinets** and **Area Flooring** to help you design your dream Kitchen or Bath

For clients who do not want a full gut remodel, we also offer convenient solutions for Kitchen & Bath remodels on a budget. Here are a few simple things that will give your kitchen or bath a new, Revived look:

#### Kitchen:

- Cabinet refacing
- New hinges, handles and draw pulls
- Countertop & sink replacement
- Upgraded lighting
- Upgraded flooring
- Repainting & trim replacement

#### Bathroom:

- Tub replacement with barrier free shower enclosures
- Repainting & trim replacement
- Countertop & sink replacement
- Fixture replacement
- New hinges, handles and drawer pulls
- Updated flooring

### Whole Home Remodels

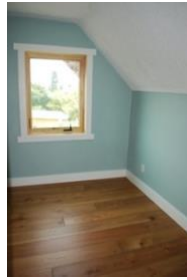

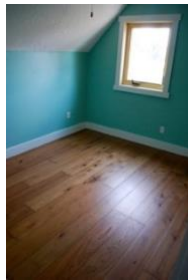

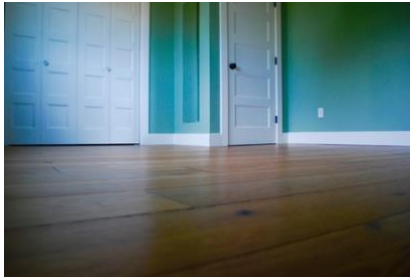

Want to overhaul your whole home, convert your garage into an **extra living space**? Convert your two bedroom home into a three bedroom home or turn a mudroom into a **sunroom**? Or maybe create a **flex space** that could be used as an **in-home office, children's playroom, art studio or spare bedroom**?

**We can help.**

When doing a major update in your precious home, it is an important investment and there many considerations, budgetary restrictions, design decisions, material selection, home valuation and many more.

Your **dedicated project manager** will work closely with our team of skilled craftsmen, trusted Architects, Designers, Subcontractors and **time-tested vendors** to make sure your vision comes to life.

Your **dedicated project manager** will explain and walk you through our clear and simple five step Revive Works Remodeling process, while guiding you to the design that meets your desires and budget and keeping you abreast of progress through weekly progress reports. We will be there every step of the way to advise and execute your project and to see the **smile on your face** after it is completed.

## Aging in Place Modifications

There is an ever-growing trend among people over sixty five years-old who are choosing to renovate and prepare their existing homes for the future. Most people are deeply connected with their home and community, preferring to remain in their home for life. **Aging in Place** is the term commonly used for this movement which emphasizes addressing current and future needs for **accessibility modifications**. Financially, the cost of adding high value renovations serve as a much more **inexpensive option** than the comparable high costs of assisted living facilities. Revive Works Remodeling is one of the few Oregon remodelers who provides a **Certified Aging in Place Specialist (CAPS)** to guide our clients in assessing appropriate modifications.

### Common Aging in place Modifications:

- Barrier free/low threshold showers installation
- Sitting bathtub
- Kitchen remodels with Lower cabinets, easy pull out drawers and wheel chair accessible sinks
- First Floor living remodels

- Widened doorways
- No-step entryways
- Pocket Door installation
- Outdoor ramps
- Handrails & grab bars
- Lighting Upgrades
- Hardwood, luxury vinyl tile flooring
- Task lighting

Whether you are considering an entire home renovation, a new accessible kitchen, or a ground floor bedroom and accessible bath addition, we will treat your home with the same care and attention to detail, as if it were our own.

## Handyman Services

Have a small job or a few small home maintenance projects that you **can't find** a general contractor to take on?

**We can help.**

**Revive Works Remodeling** is more than happy to be your trusted resource for making sure that your house stays healthy and in good condition year after year.

## Project Budget Guidelines

Before beginning a remodeling project, it's crucial to assess general budget guidelines in order to develop a design for our clients that fits within their budget. Below are some historical guidelines for some of our previous remodeling projects.

**Kitchen Remodels:** \$70,000-\$125,000 (*Common price range, \$75-\$100k*)

**Bathroom Remodels:** \$35,000-\$65,000 (*Common Price range, \$40-\$50*)

**Whole Home remodels:** \$200,000-\$650,000 (*Common Price range, \$250k-\$400k*)
